Subject: 837 Health Care Services Data Reporting Guide

We have obtained valuable comments and suggestions from members of the Public Health Data Standards Consortium's Health Care Services Data Reporting Guide Work Group and the X12 Health Care Claim 837 Work Group on the development of the Health Care Services Data Reporting Guide.

Please find attached an updated version of the front matter and an annotated version (pdf) of the technical specs in which we have incorporated the feedback that we have received on the guide. Please scrutinize the front matter and technical specs and provide your feedback. We particularly hope that any group that is interested in using the guide will analyze the details of the guide to determine if their specific business requirements have been included.

We would appreciate your input by Friday, November 30, 2001. PLEASE DO NOT REPLY TO THIS MESSAGE. Please send your feedback directly to Bob Davis at rad01@health.state.ny.us.
